

**Name: Farzad Badmasti**

**Address:** Pasture Institute of Iran, Tehran, Iran

**Tel:** 021-64112561

**Fax:**

**E-mail:** fbadmasti2008@gmail.com

---

## Education

2010-2015: PhD in medical bacteriology at Pasteur Institute of Iran

2007-2010: MSc in medical microbiology at Pasteur Institute of Iran

2003-2007: BSc in cellular and molecular biology in microbiology at Tehran University

---

## Work Experience

2015-To date: Faculty member, Department of Bacteriology, Pasteur Institute in Iran (IPI)

2020-To date: Head of bacterial vaccine lab at IPI

2023-To date: Head of Bioresource culture collection at IPI

2016-2017: As Iran-site project manager and data manager in international pertussis project entitled "Pertussis Immunization programmer in low- and middle-Income Countries" (PERILIC); a cooperation research project among Institute Pasteur in Paris, Iran, Cambodia, Togo, and Madagascar

2022: Guest Associated Editor in Frontiers in Microbiology, Research topic: Virulence Factors Influencing Pathogenicity of *Acinetobacter baumannii*

2022: Guest Associated Editor in Frontiers in Cellular and Infection Microbiology, Research topic: Molecular epidemiology and antibiotic resistance mechanism of *Acinetobacter* to novel antibacterial drugs

---
